

Price list 07/2019

C.A.T.S. Software products can be used as **permanent licences** or as **rental licences (SaaS)**. Two SaaS rates are offered, **quarterly or annually**. SaaS licences already include service costs.

General

AutoCAD

€ 1.755,-/year

2D/3D CAD system by Autodesk

BricsCAD PRO

€ 800,-

2D/3D CAD system by Bricsys

maintenance € 240,-/year

Network Manager, small

€ 1.300,-

maintenance mtl.

-

Floating Licence Manager for a maximum of 3 users

SaaS quart. € 210,-

SaaS p.a. € 500,-

Network Manager, large

€ 2.600,-

maintenance mtl.

-

Floating Licence Manager for a minimum of 4 users

SaaS quart. € 420,-

SaaS p.a. € 1.000,-

Desktop Manager

CAD

€ 350,-

maintenance mtl.

€ 8,-

Basic management system for the administration of projects, drawings and reports

SaaS quart. € 57,-

SaaS p.a. € 155,-

IFC Import/Export

CAD

€ 1.800,-

maintenance mtl.

€ 24,-

Tool to import building datas in IFC 2x3 and to export all 3D elements with all required informations in IFC 2x3 format and 4 for BIM platforms

SaaS quart. -

SaaS p.a. -

BIM Package

CAD

€ 250,-

maintenance mtl.

€ 5,-

Loading of multiple IFC files, collision check, exchange of information through BCF

SaaS quart. -

SaaS p.a. -

C.A.T.S. Modules

Piping	CAD	€ 2.500,-	maintenance mtl.	€ 26,-	Ventilation Professional	CAD	€ 2.950,-	maintenance mtl.	€ 56,-
CAD application for planning and constructing technical centers for heating, sanitary and sprinkler systems in 3D					<ul style="list-style-type: none">- Ventilation 3D layout planning- Ventilation pressure loss- Ventilation schema calculation				
SaaS quart. € 492,-				SaaS p.a. € 1313,-	SaaS quart. € 567,-				SaaS p.a. € 1511,-

Sprinkler Hydraulic Calculation		€ 2.000,-	maintenance mtl.	€ 24,-	Sprinkler Professional	CAD	€ 3.400,-	maintenance mtl.	€ 38,-
Windows program for technical calculation of sprinkler systems, calculation method as per Hazen-Williams and Darcy-Weisbach, foaming agents, calculation as per NFBA 13, British Standard BS 9251, VdS					CAD system for planning and calculating sprinkler systems in layout, incl. calculation of sprinkler networks				
SaaS quart. € 357,-				SaaS p.a. € 955,-	SaaS quart. € 357,-				SaaS p.a. € 955,-

Electrical 3D Construction	CAD	€ 2.000,-	maintenance mtl.	€ 24,-	Electrical Hybrid	CAD	€ 4.000,-	maintenance mtl.	€ 48,-
3D raceway for trays, ladders and baskets, user definable parts. Hange systems are automatic coordinated to the raceway. Control cabinets and other installation equipment are available					CAD system for the design and construction of electrical systems, complete range of functions of 3D Construction, extensive library of hybrid equipment templates, equipment placement functions, equipment labeling functions, interface light calculation, automatic room allocation/evaluation				
SaaS quart. € 357,-				SaaS p.a. € 955,-	SaaS quart. € 714,-				SaaS p.a. € 1910,-

Bundle Offer		€ 4.950,-	maintenance mtl.	€ 114,-	Training	Company course online 1-3 participants, per hour	€ 100,-
	- Desktopmanager					Company course one day 2-6 participants	€ 950,-
	- Ventilation 3D layout planning					Individual course one day, one participant	€ 500,-
	- Ventilation pressure loss					Group course one day, per participant, at least 3 participants	€ 300,-
	- Ventilation schema calculation						
	- Piping for heating, sanitary, sprinkler						
	- Elektrical 3D raceway planning
